Who Are We?

Your Pathway to a Skilled Future!

Directions Workforce Solutions is a 100% WA-owned, not-for-profit organisation. We aren't just a recruitment agency; we are a Group Training Organisation (GTO) dedicated to helping young people kickstart their careers through apprenticeships and traineeships. With over 35 years of experience, we make sure you are supported every step of the way.

What is an Apprenticeship or Traineeship?

If you have limited knowledge of how it works, think of it as a "scholarship with a salary." Earn while you learn!

Get paid a wage while you study for a nationally recognised qualification.

Hands-On Experiences:

Spend the majority of your time on-site with a "Host Employer" learning real-world skills.

Zero Student Debt:

Unlike many university degrees, your training is very often subsidised, and you finish your program with a job and a trade. It's an early path to job security.

How We Support You (The Directions Difference):

We know starting a new job can be intimidating. That's why we offer...

Mentoring and Pastoral Care:

A dedicated Field Officer to provide specialised support and guidance throughout your journey.

Job Security:

If a host employer's work slows down, we work to find you a new placement so you can continue your training without interruption.

Indigenous Employment Pathways:

We have years of experience supporting Indigenous Australians into meaningful vocational careers.

AVAILABLE CAREER PATHWAYS:

We offer various pathways depending on your interests. Not sure where you fit?
We offer cost-free consultation to help you decide.

PATHWAY	POTENTIAL CAREERS
Traditional Trades	Carpentry, Electrical, Plumbing, Engineering, Automotive, and more.
Business and Professional	Business Administration, Finance, or Management.
Community Services	Youth Work, Disadvantaged Support, or Community Development.
Specialised Programs	Unique pathways for youth and "at-risk" community members.

Why Join the Directions Team?

Community First:

We are a registered charity. Our surpluses go back into local projects and scholarships, not into a corporate pocket.

Long-Term Focus:

We focus on relationships and outcomes, ensuring you achieve high completion rates for your qualification.

Proven Success:

We have been supporting Western Australian careers for over three decades, having passed thousands of applicants for hundreds of trades.

Our Address is 7 Sayer Street, Midland, Western Australia.
